Independent Study Agreement K - 8
(Reference: BP # 6158.1)

Student's name, please print

Program/Grade

The Independent Study program is an optional educational program between parent, student, teacher and school district, offered to all students, to provide the student with meaningful assignments as an alternative to a regular classroom. The contract is designed to provide the student with an uninterrupted learning experience, and the responsibility to complete and return the contract on time. Suspended or expelled students will not be given Independent Study.

1. The student shall submit completed assignments to the classroom teacher upon his or her return to the classroom the next school day following the ending date of this agreement. The teacher will grade and notify the student of his or her progress within three school days of the submission of the assignments.
2. The teacher will evaluate the assignments according to acceptable classroom standards and will show the grade on each piece of work.
3. The teacher will explain the assignments and the parent will be responsible for further explanation. Regular classroom texts and printed material will be given to the student to aid in completion of the assignment. (See page two for assignments.)
4. It will be the responsibility of the student to turn in 75% of the work assigned, at 70% correct, in order to receive credit for the assignments.
5. Duration of Agreement: Beginning ___/___/___ Ending ___/___/___ . This agreement is not to exceed one semester.
6. The student will receive classroom credit equal to that as if the student were in attendance for the period of Independent Study.
7. Independent Study is an optional educational alternative afforded to the students of CUSD. No student is required to participate in it as a classroom option is continuously available.
8. Contract Agreement: We have read the terms of this contract and agree to all conditions as listed. We also understand that the Independent Study is voluntary as provided for by the California Education Code.
