

Dear 7th and 8th grade parents,

Math tutoring is now available after school, Monday through Friday, from 2:40 pm - 3:30 pm in the Reading Lab/Math Lab building. This is a time where students can catch up on missing assignments, work on homework, and get extra help on specific concepts. The program reinforces what the students learn in class.

Please indicate below the days you anticipate your child will participate in the after school tutoring.

There is no after school bus, so you will need to pick up your child at school at 3:30 p.m. The Math Lab is on the upper field.

If you would like your child to participate, please return the bottom half of this letter to the office.

We are eager for our students to enjoy and understand math. The math tutoring program is another opportunity for them to master concepts and feel confident in their math abilities.

Please feel free to call if you have any questions (683-4842 x247).

Thank you.

Karen Fruth
Nancy Flynn
Math Lab

(Return this portion to the school office.)

I would like my child to participate in the after school math tutoring from 2:40 – 3:30 pm. I understand that I am responsible for providing transportation for my student at 3:30 p.m.

Student name: _____

Teacher: _____ Grade: _____

Days of the week my child will attend: _____
